Forum des énergies renouvelables  
Renewable energy Forum

PRESS RELEASE

21 June 2022

## Renewable energy and its new uses: 7 and 8 December at Montpellier Exhibition Centre

As the French national meeting for Renewable Energy sponsored by the Occitanie / Pyrénées-Méditerranée Regional Authority, Forum EnerGaïa will be held in December at the Montpellier Exhibition Centre. With a **clear focus on new concrete solutions to meet the use needs of communities**, these two days of discussions and business for professionals and local authorities are keenly awaited by all.

### New features at this 16<sup>th</sup> edition

One pavilion will be entirely given over to **transport** and **mobility**, on which particularly active local authorities and highly impacted industry are in search of solutions. **Energy renovation and sustainable building** will also benefit from a special focus through a dedicated space. Finally, jobs and training in renewable energy will be addressed through a **first-time Job Forum**.

### **Practical information**

- . Free visitor registration, opens 5 September 2022

**About Forum EnerGaïa:** An annual event dedicated to renewable energy industry professionals, supported by the Occitanie/Pyrénées-Méditerranée Regional Authority and organised by SPL Occitanie Events, the European Forum EnerGaïa has been accompanying the renewable energy industry for 16 years. Backed up by a content-rich programme of talks, round tables, workshops and pitches giving centre stage to the expertise of key players in the sector, Forum EnerGaïa has reasserted its status as a major meeting for renewable energy professionals.

From technical innovation to ongoing projects and from the latest industry developments to new regulations, project financing and shared experience, a wide range of highly tangible subjects are covered at the Forum which for its 16th edition on 7 and 8 December 2022 at Montpellier Exhibition Centre expects to welcome more than 8,500 professionals and 280 exhibitors.

Forum EnerGaïa has received the backing of COP21, COP22, COP23 and COP24. It is organised under the high patronage of the French Ministry for the Ecological Transition and the European Commission Representation in France.
