

EnerGaïa 2022: record attendance

Sponsored by the Occitanie / Pyrénées Méditerranée Regional Authority, Forum EnerGaïa, a major event for the renewable energy sector for the past 16 years, has reported unprecedented results for its 2022 show, with **370 exhibitors**, nearly **50 nations represented** (Germany, China, Spain, the Netherlands, Belgium among others) and **the attendance of more than 13,000 professionals**. This represents a two-figure increase on last year, at a time of a particularly acute climate and energy crisis.

This year's new features, popular with visitors: the pavilions dedicated to sustainable buildings, transport and mobility, and the active participation of multiple regional training organisations, the Hérault job centre (Pôle Emploi) and the Occitanie / Pyrénées Méditerranée Regional authority on the Jobs & Training forum.

Highly successful live content

Nearly **230 speakers** contributed their insight into the key issues of the various renewable energy segments. Out of the **hundred or so talks and round tables laid on**, those dealing with the recycling of photovoltaic modules or agrivoltaics took place in front of a full house. The economic aspect of renewable energy was meanwhile addressed during interviews that took place throughout the two-day duration of the Forum.

The talks and interviews will shortly be available in catch-up mode on [the Forum EnerGaïa YouTube channel](#).

**SAVE THE DATE FOR 6 & 7 DECEMBER 2023
FOR THE 17TH EDITION OF FORUM ENERGAÏA**

About Forum EnerGaïa: An annual event dedicated to renewable energy industry professionals, supported by the Occitanie/Pyrénées-Méditerranée Regional Authority and organised by SPL Occitanie Events, the European Forum EnerGaïa has been accompanying the renewable energy industry for 16 years. Backed up by a content-rich programme of talks, round tables, workshops and pitches giving centre stage to the expertise of key players in the sector, Forum EnerGaïa has reasserted its status as a major meeting for renewable energy professionals.

From technical innovation to ongoing projects and from the latest industry developments to new regulations, project financing and shared experience, a wide range of highly tangible subjects are covered at the Forum which at its 16th edition on 7 and 8 December 2022 at Montpellier Exhibition Centre welcomed more 13,000 professionals and 370 exhibitors.

Forum EnerGaïa has received the backing of COP21, COP22, COP23 and COP24. It is organised under the high patronage of the French Ministry for the Ecological Transition and the European Commission Representation in France.
